The Australian Embassy presents its compliments to the Ministry of Foreign Affairs of the Kingdom of Thailand and has the honour to advise that Thai government officials are able to apply for prestigious Australia Awards post-graduate scholarships, to commence study in Australia in 2022.

The Embassy has the honour to advise that at the 2020 ASEAN-Australia Summit, the Hon Scott Morrison MP, Prime Minister of Australia, announced a package of measures to support a strong Southeast Asia. This package included support for emerging leaders through the provision of Australia Awards scholarships.

The Embassy notes that engagement through Australia Awards scholarships will support implementation of the Australia-Thailand Strategic Partnership, including our agreement to work towards greater linkages of our peoples, and to facilitate governmental exchanges.

The Embassy has the further honour to advise the scholarships will be offered at Masters-level to selected Thai government officials. In line with our agreement through the Australia-Thailand Strategic Partnership to support and sustain long-term socioeconomic development, the fields of study will be limited to energy, climate change, water, and economic governance. The Embassy has the honor to enclose a Program Fact Sheet on the Australia Awards program.

The Embassy requests the Ministry of Foreign Affairs promote the scholarship opportunities through the Devawongse Varopakarn Institute of Foreign Affairs, the Office of the Civil Service Commission, and other relevant Thai Government Ministries/Agencies.

The Embassy wishes to advise that the contact at the Australian Embassy for this matter is Dr Gemma Edgar, Counsellor, Development (email: gemma.edgar@dfat.gov.au; office tel: 02-344-6515).

The Australian Embassy avails itself of this opportunity to renew to the Ministry of Foreign Affairs of the Kingdom of Thailand the assurances of its highest consideration.

Applying for an Australia Awards Scholarship

Australia Awards scholarships in Thailand

Australia Awards Scholarships are prestigious international awards offered by the Australian Government to the next generation of local, national and global leaders. Through study and research, recipients develop the skills and knowledge to drive change and build enduring people-to-people links with Australia.

Australia Awards Scholarships will provide educational opportunities for talented Thai government officials at the postgraduate (Masters) level to contribute to economic and environmental resilience in Thailand and the Mekong Region.

Applicants will be assessed for their professional and personal qualities, academic competence and, most importantly, their potential to have an impact on current and emerging challenges in Thailand and the Mekong sub-region.

Applications are strongly encouraged from women, people with disability, and people living and working outside of Bangkok.

Priority fields of study

Thai government officials seeking to study in the fields of water, energy, climate change and economic governance are eligible to apply for the current round of Australia Awards Scholarships. This may include (but is not limited to) courses relating to natural resource planning, management, governance and leadership; renewables and sustainability; disaster risk reduction; feasibility, safeguards and impact assessment and related topics; economics; competition; international trade; and public policy.

Applicants should select courses that align with their experience and qualifications or provide a strong justification for courses that represent a shift in career focus or direction. Scholarships are not available for general management degrees, such as a Master of Business Administration.

Level of study

These Australia Awards scholarships will provide Thai government officials with the opportunity to obtain a qualification at an Australian tertiary institution at a Masters level (either by coursework or research).

Awards will be offered for commencement in 2022.

Australia Awards benefits

Australia Awards Scholarships are offered for the minimum period necessary for the individual to complete the academic program specified by the Australian education institution, including any preparatory training.

Application process

Online applications

All applications must be lodged online through the online application facility OASIS: <https://oasis.dfat.gov.au>.

When applying online, all supporting documents must be uploaded to meet the specific eligibility requirements for Thailand. The maximum document size (per document) for uploading is 2 MB.

Applicants are strongly advised to complete and submit their online application well before the closing date. OASIS experiences peak usage in the days leading up to the closing date and applicants may experience delays.

Supporting documents

Table 1 (below) lists the documents that must be provided to ensure your application is eligible for consideration. Documents requiring English translation do not have to be certified at the time of application. **If all relevant supporting documents are not provided as specified, the application is incomplete and will be deemed ineligible.**

Australia Awards Scholarships are administered by the Australian Department of Foreign Affairs and Trade (DFAT), which has zero tolerance of fraudulent activity or behaviour. DFAT defines fraud as *dishonestly obtaining a benefit, or causing a loss, by deception or other means*. For example, providing false or misleading information or not providing relevant information could be considered as

fraud. This may include failing to declare **previous study** undertaken, irrespective of whether it is **complete** or **incomplete**.

Where fraud is detected, the application will be deemed ineligible and the applicant will be barred from applying for an Australia Awards Scholarship in future rounds.
